Meet the Need™
Letting your light shine

Vision

Meet The Need Background

- The Founder was a management consultant to Fortune 500 companies designing strategic, process and technology solutions
- In 2000, while struggling to find opportunities to “give back”, God showed him how that same business technology could connect churches and ministries to do more to help those in need
 - ...because the Christian community can offer more than just help, but also the hope found in Jesus Christ

Before and After...

Before Meet The Need

A single mom needs help

Local ministries need help but lack means to communicate needs to churches

Church members could help but aren't shown the opportunities to serve by their church

Church staff wants to mobilize members to serve, but is too busy to plan events and manage requests from agencies and families

With Meet The Need

Families have needs posted by church, ministry or MTN's call center

Local ministries post volunteer and resource needs on MTN

Members and "Teams" search on **their church's own web site** for needs on MTN

Churches post needs and view all outreach activities by members and "Teams"

Not a New Program, Just Doing More with Less

Programs Require
1. Effort
2. New responsibilities
3. Commitment

Meet The Need
1. No extra work
2. No shift in responsibilities
3. No commitment to change

So, what is Meet The Need – simply taking local missions from:

- Pen, paper & PostIt Notes
- Phone calls, emails & bulletins
- Labor-intensive (expensive)
- Disconnected, limited outreach
- Slow and unproductive in terms of missed opportunities to serve

- Leverage 21st century technology
- Vastly improve communication of needs
- Take work off of church staff
- Body of Christ connected & mobilized
- Members quickly search and find opportunities to help, on your web site

You are the “Face” to the Community

- Meet The Need is behind the scenes – the community, congregation and volunteers need to know about the Church’s heart for ministry, not ours!
- All Meet The Need can do is facilitate an initial interaction – it’s churches who bring people into a closer relationship with Jesus Christ over time

***Building a new local ministry has a positive impact,
BUT enabling Christians and Christian organizations across the
globe to minister more effectively can have an exponential impact***

The Value of Collaborative Outreach

Uniting Christian Organizations to Serve Those Less Fortunate

- Common, state-of-the-art platform enables all churches and ministries to work together to reach that community for Christ
- Needs are instantly published out to all churches, ministries and individuals within the Meet The Need network

Preventing People from Taking Advantage of Anyone's Generosity

- Comprehensive Shared Case Management System
- Cross-checks entire local database to see if that family has received help (or is scheduled to) from other churches and/or agencies
- Each family is tagged to a single organization
- No needs may be posted for money

Value for Churches

Church “Needs”	Benefits of MTN
Fulfill the Great Commission	Shares the Gospel as Jesus did, through Service
Do More to Impact the Local Community and the World	Takes the Outreach Workload off of Church Staff
Increase Member Service Opportunities	Matches Members with External and Internal Needs
Grow Your Church	Connects Members with Families in the Community
Foster Church Unity	Shared, Common Platform across Organizations

Value for Ministries

Giving Ministries Access to the Church Community

- It's a struggle getting churches on board with your ministry and keeping them informed of your needs, requiring countless calls and e-mails
- However, with MTN, all needs you post are published instantly out to churches and individuals within the Meet The Need network

Building Awareness of Your Ministry within the Local Community

- Most ministries do not have large marketing budgets – Meet The Need becomes a marketing engine for you by publicizing your needs not only to church members, but to anyone else looking to “give back”

Uniting Christian Organizations to Serve Those Less Fortunate

- Using a common, state-of-the-art platform enables all churches and ministries to truly work together to reach that community for Christ
- For example, with Meet The Need you will know what other local organizations have been providing help to a family who walks in your door

Success Stories

- 3 of the 13 largest churches in the U.S.
- Tampa Bay - The most united body of Christ anywhere in the world
- Replicating the Tampa model in other major cities
- No church or ministry has ever said “no” to MTN
- Behind many large multi-church outreach events
- Enabled the first fully-collaborative toy and food drives
- Strategic partnerships with several national Christian organizations
- Picked up by secular and Christian news outlets

Testimonials

- “Finally, someone has figured this out!”
 - Executive Pastor, The Crossing Church
- “Meet The Need releases the bottleneck at the church staff level...empowers individuals to put their faith into action.”
 - Outreach Director, Van Dyke Church
- “The support provided by Meet The Need was invaluable”
 - Director, Feed the Bay
- “a savings in manpower of roughly \$176,000”
 - President, Metropolitan Ministries

Meet The Need Expansion Plans

To mobilize and equip the Church
to lead millions more to Christ
by following Jesus' example
of meeting those in need exactly where they are.

How it all Works...Next Steps

- Churches & ministries register at www.meettheneed.org & get activated
- You begin using your “Dashboard” to post the “**internal**” needs of your organization, your missionaries and your “members”
- You help get “**external**” needs posted to the MTN network by encouraging ministries you work with to register with MTN and by directing local families to contact MTN’s call center
- You tell your church or ministry that there are local needs to be met (e.g. ministry volunteer opportunities; items needed by families, etc.)
- Your members and Bible Study groups begin searching the new “Outreach” page on your web site for any needs they want to meet
- They complete the delivery of goods/services & confirm donations
- You view and monitor the impact your organization is having on your community on your private “Dashboard”!

What It Costs...

- NOTHING, but we ask that you prayerfully consider donating to Meet The Need to help cover our costs of setting you up
- We are a ministry organized as a 501(c)3 Public Charity, not a business – our heart is for seeing the body of Christ working together to meet the needs of local ministries, families and missionaries in Jesus' name
- We don't want any Christian organization to be precluded from using Meet The Need due to lack of funding

“Through MTN, our church’s DNA is changing to be one where we are the hands and feet of God as a lifestyle, not a program.”
