

Church Testimonials

GATEWAY CHURCH (Dallas, Texas)

“Meet the Need is the major component that drives the “Bless!” initiative at Gateway Church. The purpose of “Bless!” is to encourage the church to serve outside the four walls of our building, by connecting our members with the ministries that we relate and partner with. We have had a wonderful and effortless experience with MTN from our initial design sessions to full integration on our website. We are so excited about the positive response we have received from our members and our ministry partners who have utilized MTN for the purpose of building the Kingdom by reaching out to those in need.” *Associate Pastor, Local/National Outreach*

CHRIST FELLOWSHIP (West Palm Beach, Florida)

“Meet the Need has been very helpful to the Life Missions department of Christ Fellowship. Life Missions experienced great success in using Meet the Need for several of our large events, and it has been a very useful tool for mobilizing members outside of the church to serve. The metrics Meet the Need provided on the back end was incredibly helpful, especially on our projects involving thousands of people. In addition, we have been able to really bless many of our partner ministries in the community by recruiting volunteers for them through our website's use of Meet the Need. We have found Meet the Need to be helpful in relieving some of the administrative burden of our department as our congregation has become more familiar with using Meet the Need. We are grateful for this wonderful tool, and the level of service and help we have received from the staff of Meet the Need while we have been implementing it into the fabric of our church has been nothing short of phenomenal.” *Life Missions*

FELLOWSHIP BIBLE CHURCH (Little Rock, Arkansas)

“Meet The Need is the bridge for the left hand to know what the right hand is doing in the body of Christ. Our members love the ability to see needs, not just from our church, but needs community wide. They like the flexibility to join community ministries to get alerts when new needs are posted.” *Local Missions Project Manager*

we are a donation based ministry!
